Table with multiple columns and rows, containing data organized in a grid format. The table is divided into several sections by vertical lines, suggesting a hierarchical or categorized structure. The content is too small to read.

The image displays a technical drawing of a grid structure, likely representing a section of a larger grid or a multi-page document. It consists of two vertical columns of a grid. The left column is wider than the right column. Both columns are filled with a dense grid of lines. The grid is interrupted by several horizontal gaps, suggesting a multi-page document or a specific section of a larger grid.

The image shows a technical architectural drawing of a building facade. It consists of a grid of windows and structural elements. The drawing is oriented vertically on the page. The facade is divided into several vertical sections by structural columns. Each section contains a series of windows, with varying heights and widths. The drawing uses fine lines to represent the grid and larger lines to define the window openings and structural columns. The overall appearance is that of a detailed architectural elevation or section of a building.
